

ESPP 91r Course Enrollment Form 2015/16

ESPP 91r: Supervised Reading and Research on topics not covered by regular courses of instruction.

If you are enrolling in 91r for the Senior Capstone Project/Requirement, please check here []
A reminder that the capstone project requires students to conduct an in-depth examination of a particular environmental issue consistent with their field of specialization.

Description of your 91r project:

Please answer the following questions using additional pages, and submit them with this form to the ESPP Office -- Geological Museum, 24 Oxford Street, Room 315.

The enrollment form is due to the ESPP Office:

Wednesday, September 17, 2015 (fall term)

Friday, January 29, 2016 (spring term)

- Describe your topic and indicate the initial body of scholarly literature that will form the basis of your readings.
- Schedule: Indicate anticipated times/frequency with which you will meet with your sponsor (e.g. weekly on Fridays at 1:00pm).
- Statement signed by your 91r sponsor explaining how your grade will be determined.

Please note that the standard requirement is a **written report** (25 pages, double-spaced) which is **due** in duplicate in the ESPP Office at Noon on the **first day of reading period**:
Fall term: Friday, December 4, 2016 and Spring term: Thursday, April 28, 2016
